If you can answer YES to any of the questions below, this book is for you:

Are you a couple (over 21 years old) in a long-term committed relationship that used to have a great sex life in the past?

Have you found yourself bored sometimes with the sex you usually have with your partner?

Do you sense that you or your partner is not turned on, especially by things or moves that used to be arousing in the past?

Has the frequency of intercourse diminished significantly over the past year, or since a life changing event took place?

Do you feel you settled into a routine in your sex life?

Are you too busy or tired with work or children to have an active and exciting sex life like you imagined you would have?

Do you find yourself preoccupied with career or family when wanting to concentrate on making love?

Have you read other guides, but found them too complex and demand great preparation, when all you really want is to get turned on when you get in bed with your partner after a long day at work and putting the kids to sleep?

To find faults in explaining why we have significantly less sex today than what we used to have “back then”, we easily blame our mundane day to day routine, ongoing tiredness or the stress coming from worrying about our job and/or family. If so, you can easily bring back the passion and freshness into your love life, the way it used to be when you just met, or the way you always imagined it would be with the partner you fell in love with. This guide will offer you many new ideas and erotic adventures.
