Doctor Knows Best Loki Renard

All hours are working hours for Laura Lewis, the youngest CFO in her company's history, and she certainly isn't going to let some chest pains and a stay in the hospital slow her down. Unfortunately, her overbearing and irritatingly handsome physician, Dr. Steven Foster, has other ideas. He confiscates her precious phone and threatens her with a spanking if he catches her working from her bed again. Intrigued, Laura tests him and quickly discovers that Steven is a man of his word. Her bare bottom is set stinging and a thorough scolding leaves her ego bruised and her heart aflutter.

When it comes time for Laura to be released, Steven orders her to take several weeks off work. Knowing his feisty patient is unlikely to follow her doctor's orders, he also provides his phone number and promises to check up on her. It isn't long before he learns that she has ignored virtually every instruction he gave her, and upon returning to her apartment after lunch together, he puts her over his lap and gives her the spanking she's been needing her whole life.

Afterwards, Steven gives Laura a choice: she can go back to pretending to be an independent woman who doesn't need any man, or she can give herself to him and explore the submissive desires she has hidden for so long, the ones that so often resulted in her locking her office door, raising her skirt, and playing out her private fantasies during working hours.

Laura agrees to put herself under the Steven's care once more, and she soon finds that he is just as skilled a dominant as he is a physician. Work can't wait forever though, and Laura and Steven find their world turned inside out when her company is accused of major financial crimes and she is set up to take the fall for the misdeeds of others. Will a jail sentence tear her away from her newfound love forever? And just how far will Steven prove willing to go to protect Laura and clear her name?
