Jonas and Kovner's Health Care Delivery in the United States: 8th Edition (Springer Series in Geriatric Nursing)

Designated a Doody's Core Title!

Winner of an AJN Book of the Year Award!

How do we understand and also assess the health care of America? Where is health care provided? What are the characteristics of those institutions which provide it? Over the short term, how are changes in health care provisions affecting the health of the population, the cost of care, and access to care?

Health Care Delivery in the United States, 8th Edition discusses these and other core issues in the field. Under the editorship of Dr. Kovner and with the addition of Dr. James Knickman, Senior VP of Evaluation, Robert Wood Johnson Foundation, leading thinkers and practitioners in the field examine how medical knowledge creates new healthcare services. Emerging and recurrent issues from wide perspectives of health policy and public health are also discussed.

With an easy to understand format and a focus on the major core challenges of the delivery of health care, this is the textbook of choice for course work in health care, **the** handbook for administrators and policy makers, and the standard for in-service training programs.

Instructor's Guide Now Available Online!
