Jennifer Moore-Mallinos

When My Parents Forgot How to Be Friends (Let's Talk About It!) Jennifer Moore-Mallinos
Young children become confused and hurt when their parents constantly argue, then decide to divorce. This sensitively written book assures boys and girls that children are in no way responsible for their parents' inability to get along together. It lets kids know that although one parent chooses to move away from the home, both parents continue to love their little boy or girl. Both Mom and Dad will continue to spend happy times with them. Even very young children have concerns and anxieties, and *Tell Somebody Books* are written and illustrated especially for them. Parents are advised to read these books aloud while their preschooler listens and looks at illustrations of the boys and girls in each story. Many children in early grades will be able to read the stories for themselves. *Tell Somebody Books* encourage children to explore their feelings, and then to speak openly about things that trouble them.
