A guide to co-dreaming with animals for personal and planetary evolution

- Reveals the role of human-polar bear dreaming in the Earth's planetary evolution

Dreams speak to us on deep levels. Through dreaming we open a gateway to our inner world. Through lucid dreaming we open to conscious interaction with the surroundings, happenings, and living beings within the dreamscape.

Over many years, animal communicator Dawn Baumann Brunke dreamed of polar bears. One night, a lucid dream triggered the realization that not only was she dreaming of a living polar bear but also that the polar bear was dreaming of her. Through shared dream encounters, Brunke became adept at connecting with the bear both while asleep and awake. Together, they explored nonphysical locales where lucid dreamers meet to join in consciousness and co-dream together.

Recounting the dreams she had with polar bears as well as with a council of spirit bears, Brunke presents techniques she learned to enter shared dreamscapes and form meaningful dream relationships with other species. Brunke also examines how our assumptions about polar bears, or any animal, can teach us about ourselves. As we awaken to the wisdom of our dreams, we begin to heal ourselves and our Earth.

Sharing ways to recall dreams and engage lucid dream awareness, Brunke shows how dreamwork can help us forge deeper connections with the natural world and move more consciously in planetary evolution with all beings. Guided by the polar bears in her dreams, the sacred guardians of North Pole evolutionary energy, Brunke reveals how we can each dream ourselves awake and, with animal companions and guides, help dream a new world into being.
