Based on true events in 2012, Vanishing Tribes is a young woman's shocking yet tender and inspiring story about her love for her brothers, her need to protect them, and the quest to free their homeland from a brutal military occupation. Join Vivi as she struggles to find courage in the midst of political intrigue, espionage and imminent danger. Her personal story is set against the true-to-life backdrop of a fifty-year global conspiracy to hide genocide, Christian persecution and militarized commerce in West Papua, a place arguably as biologically and culturally diverse as the Amazon.
