Facilitating Sustainable Innovation through Collaboration: A Multi-Stakeholder Perspective

Facilitating Sustainable Innovation through Collaboration: A Multi-Stakeholder Perspective

Facilitating Sustainable Innovation through Collaboration, takes an unusually international perspective of sustainable innovation with contributions from Australia, Europe, and North America. Prominent policy makers, scientific researchers and practitioners in this field provide various inputs and analyses relating to the development of sustainable innovations. It is expected that policy makers, organizations, individual researchers, students and even communities can further develop and implement concepts and practices by drawing on the variety of projects and theoretical foundations presented in this volume.
