Darrin Gee

National bestselling author Darrin Gee shares insight and laughter as he looks at words of wisdom imparted by his mother.

Have you ever listened (really listened) to your mom's advice? If you're like most people, you cringe and avoid the suggestions your mom offers, especially when it has to do with how you run your life. But, if you take a step back and objectively hear what she says, every now and then, sage-like advice and insight just might shine through.

My immigrant mother came to the United States 60 years ago for graduate school, but it turned out that her practical approach to life was all the education she needed to live a long and happy life. With the complexities and speed of today's world taking us from one place to another without much thought or meaning, my mother's simple words and advice for happiness apply more than ever.

I Can't Believe My Mom was Right offers practical advice, laughter, inspiration, and at times, insightful wisdom from the one person we rarely give enough credit – a mom. See how the best advice you may have ever received in life is from the person who brought you into this world.
