The plucky heroine of *Princess Chamomile Gets Her Way* finds out that really helping Melchior the gardener tend to the roses and the tulips is really hard work! She has dirt in her ears and dirt under her nails, and her dress is almost as muddy as Melchior's overalls. The garden is entirely too big--she needs a garden that is just her size, just her sort. Taking crayon in paw, the determined mouse princess sets out to plan the perfect garden, complete with a good hopscotch area, bushes for playing hide-and-seek, and, of course, a Reading Quietly place. When the king, queen, and Nanny Nettle--unsure about this not-quite-princesslike garden plan--finally give in, Chamomile and Melchior get to work. After months of cementing and hoeing, potting and planting, watering and growing, Chamomile's garden is finally ready--and as wonderful as she had imagined!
