Stay, Breathe with Me: The Gift of Compassionate Medicine Helen Allison, Irene Allison

Part reportage, part rallying cry for compassion to embrace the human side of illness and the healing art of care, *Stay, Breathe with Me*, is an appeal to revive medicine's forgotten mandate to ease suffering.

When suffering invades body, mind, and soul, what joy there is to be heard and understood. And when the gentle art of caring, known as medical palliation, provides whole person care to relieve pain and anguish, hope can survive. This ancient practice of palliation views the patient both as a participating partner in the art of care and an injured storyteller whose wisdom can guide healing hands.

Informed by the voices of the seriously ill, their families, and the lifelong experience of a palliative care nurse and medical social worker, *Stay, Breathe with Me*, illuminates the importance of bringing heart and compassion back into health care.

Leah Humphries:

As a university student exactly feel bored to reading. If their teacher inquired them to go to the library or to make summary for some publication, they are complained. Just small students that has reading's soul or real their leisure activity. They just do what the instructor want, like asked to the library. They go to presently there but nothing reading very seriously. Any students feel that looking at is not important, boring as well as can't see colorful pictures on there. Yeah, it is to be complicated. Book is very important for you personally. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, ways to

reach Chinese's country. So , this Stay, Breathe with Me: The Gift of Compassionate Medicine can make you feel more interested to read.
