Selected Philosophical Writings (Oxford World's Classics) Thomas Aquinas

St. Thomas Aquinas (1225-1274) saw religion as part of the natural human propensity to worship. His ability to recognize the naturalness of this phenomenon and simultaneously to go beyond it--to explore, for example, spiritual revelation--makes his work as fresh and readable today as it was seven centuries ago. This accessible new translation offers thirty-eight substantial passages not only from the indispensable *Summa Theologicae*, but from many other works, fully illustrating the breadth and progression of Aquinas's philosophy. It is an ideal introduction to this key figure in the philosophy of religion.

About the Series: For over 100 years **Oxford World's Classics** has made available the broadest spectrum of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, voluminous notes to clarify the text, up-to-date bibliographies for further study, and much more.
