“Reynard the Fox” is an epic fable in which the characters are animals, the fox being the hero, and which was extremely popular during the Middle Ages and for many years afterwards. It relates the adventures of the fox at the court of the king of beasts, the lion, and details with great spirit and humor the cunning modes in which the hero contrives to outwit his enemies and to gain the favor of the trusting king. This Kindle edition, equivalent in length to a physical book of approximately 28 pages, includes an adaptation by Willis Pone Hazard (1861) as well as a special adaptation for young folks by elementary educators Harriette Taylor Treadwell and Margaret Free (1914).

Sample passage:

Once, when the woods were green, and the earth was covered with her fairest mantle of flowers, and the sweet birds entertained with the delight of their songs, the Lion, the Royal King of Beasts, made solemn proclamation that all quadrupeds whatsoever should attend his court, and celebrate a great festival. Now, when the King had assembled all his subjects together, there was no one absent save Reynard the Fox, against whom many grievous accusations were laid. First came Isegrim the Wolf, with all his family and kindred, who, standing before the King, complained loudly how that Reynard had ill-treated his wife and children. Then there came a little hound named Curtis, who accused the Fox of having stolen his pudding in the extreme cold wintertime, when he was nigh dying of starvation. But scarcely had the hound finished his tale, when, with a fiery countenance, in sprang Tibert the Cat, and accused Curtise of having stolen this pudding from himself, and declared that Reynard had righteously taken it away.
