# Handbook of Environmental Protection and Enforcement: Principles and Practice

*Andrew Farmer*

**Handbook of Environmental Protection and Enforcement: Principles and Practice** Andrew Farmer  
Environmental Enforcement Authorities (EEAs), sometimes called Environmental Protection Agencies (EPAs), are the regulatory, monitoring and enforcement agencies of national, state/provincial and local governments worldwide responsible for implementing, monitoring and enforcing environmental legislation. This one-of-a-kind, authoritative handbook offers a comprehensive assessment of the principles and best practice of EEAs throughout the world with a focus on Europe, the USA, Canada, Australia, east and south-east Asia and various other OECD, transition and developing countries. The book assesses structures, expertise and capacity, financing, permitting, monitoring, inspection, enforcement and EEA performance and future directions. It also identifies best practice for creating or improving EEAs. It offers substantial information for industry on the nature of compliance with environmental regulations as well as vital information for professionals, consultants, NGOs and researchers working at the interface between government EEAs and industry.
