The Ambassadors: A Novel George Lerner

An eye-opening account of the Rwandan civil war and an achingly tender portrait of a family at odds from an exciting, new literary talent

With its sweeping historical and geographical range, George Lerner's beautifully ambitious debut novel takes readers deep into the complex lives of a New York family and the searing upheavals of late 20th century Africa. Embedded in real events, *The Ambassadors* takes readers on an unforgettable journey through the Congo, Germany, and Brooklyn as it examines one family's passage through genocide and grief.

Jacob Furman has always chosen his call to duty over his wife, Susanna, and their son, Shalom. When he's deployed to the Congo as a Mossad operative to help the Tutsis in their fight against the Hutus, Susanna and Shalom are once again left to contemplate his absence. Susanna, a Holocaust survivor and an esteemed linguistics scholar, buries herself in work as she searches for the biological roots of human language, while Shalom, overwhelmed by the accomplishments of his parents, struggles in search of his identity.

After years apart, a fragile reunion borne out of illness sparks a sense of family they never had before, connecting the three in a web of emotion not just to one another, but to the political events that have defined our century.

Arthur Lee:

As we know that book is significant thing to add our know-how for everything. By a guide we can know everything we really wish for. A book is a set of written, printed, illustrated or even blank sheet. Every year ended up being exactly added. This e-book The Ambassadors: A Novel was filled in relation to science. Spend your time to add your knowledge about your technology competence. Some people has diverse feel when they reading some sort of book. If you know how big selling point of a book, you can feel enjoy to read a guide. In the modern era like today, many ways to get book that you just wanted.

Clark Abeyta:

As a scholar exactly feel bored for you to reading. If their teacher expected them to go to the library or even make summary for some book, they are complained. Just minor students that has reading's spirit or real their hobby. They just do what the teacher want, like asked to go to the library. They go to there but nothing reading really. Any students feel that reading is not important, boring along with can't see colorful photos on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore this The Ambassadors: A Novel can make you experience more interested to read.
