The Fruit is Larger on the Other Side of the Water Nicholas Alonzo Adair

Many birds have recently immigrated to the monkeys' homeland, adding to the population already there. None of the monkeys know why so many birds have shown up, all they know is they want the excess birds to leave. Then one day, while the monkeys are eating lunch, a bird lands in the middle of them. After finding himself a worm, the bird mentions to the monkeys that their food looks very small. He says the fruit on the other side of the water, at another island, is much larger. With hopes of finding larger food, some of the monkeys cross the sea. Their journey soon brings much tribulation—but, in the end, their choice to travel to the other island saves hundreds to thousands of other monkeys' lives, in addition to making so the excess birds leave their homeland. Full of mystery; drama; thrills; hope; grief; and familial, spousal, and community love, *The Fruit is Larger on the Other Side of the Water* is a unique fable—one that you'll likely never forget.
