I'm one of the lucky ones. I survived a post-payment audit. I was accused of fraudulent billing by a "health" insurance company that acted as its own judge, jury and executioner. What they didn't know was that they chose the wrong guy to pick on and after 5 long years, over 24 hours of depositions and 22 days in federal court, my legal team prevailed. I was found innocent, and the judge called what they did to me, an ambush! If you are going through a post payment audit now, or want a compelling reason to end your insurance dependency once and for all, this book is for you. I give you a detailed glimpse into the first year of the audit and what a nightmare it really was. In this, the 2nd volume of the Chiropractic Cash Only Practice, I share more practical tips on how to run your Cash Practice. My practice has grown into one of the largest, most fun and rewarding 100% cash practices in the United States. You'll learn that I'm an average and ordinary guy and all I have done, you can do too. With the information I have provided, you can create the dream practice and life you deserve. I hope this book is a blessing to you.
