## One day the past will catch up to you...

After running away from her rich fiance's crippling abuse, Darcy finds solace living a simple life in a small town. Once she befriends a group of local bikers, she quickly learns high society life with her lunatic fiance was not a life she could live. But as Darcy finally starts to find happiness in another man, her dark past begins to catch up with her.

Caught between of two lives and two men, Darcy must choose between true love...  
...or the safety of those she cares about most.

In her breakout novella, Clara O'Neill explores the gripping decision a young woman must face when confronted with the shackles of the past and the promise of a brighter future.
