Bruce McLaren's sports racers were among the most successful and innovative race cars of the 1960s. McLaren's driving was impressive, but it was his cars - particularly the Can-Am racers - that really put the Kiwi on the motorsports map. This dynamic photohistory focuses on McLaren and his cars from his early racing days through the end of the original Can-Am series in 1974. Includes coverage of the 1990s McLaren F1 sports car in both road and race trim.
