Reading from Behind: A Cultural Analysis of the Anus Jonathan A. Allan

In a resolute deviation from the governing totality of the phallus, *Reading from Behind* offers a radical reorientation of the anus and its role in the collective imaginary. It exposes what is deeply hidden in our cultural production, and challenges the authority of paranoid, critical thought. A beautiful work that invites us beyond the rejection of phallocentrism, to a new way of being and thinking about sex, culture and identity.
