By now you know the drill: Ben White draws his life everyday in 3 comic panels. This was his first book, collecting quite a few various zines. After describing dozens of various *Snakepit* titles I'm going to defer to the wisdom of Jimmi Payne's *Punk Zine*, "Taken individually, each strip resembles what a friend would say if you asked what they had done that day. Ben sifts through the minutiae of life as well as the full experience of time in a day. This is different than James Kochalka's work as there is no pretense at narrative or point. The narratives in *Snakepit* open up on the macro level. If *Snakepit* is to be read on the toilet, a mere bowel movement is enough time to live months through the protagonist's eyes. Patterns emerge and story arcs materialize and years of common actions load into a highly concentrated snapshot that wakes you up to the ongoing machinations of life beyond your present day. This has led many to label *Snakepit* an existential text." Introduction about doing cocaine by Aaron Cometbus.
