About Time:Cosmology and Culture at the Twilight of the Big Bang (Chinese Edition) Adam Frank

Adam Frank explains in About Time how the characteristics of our lives change along with our understanding of the origin of the universe. Since the awakening of self-consciousness 50,000 years ago, our experience towards time has changed many times, from hunting and gathering to the agricultural development to the Industrial Revolution, then to the newest theories in cosmology. Time without a starting point, the parallel universe, and the eternal boom will send us to go in a new direction.
