**Kissed By The Alien Prince: A Space Fantasy Romance (The Nabalar Prince) (Volume 1)** C. D. Samuda

When a human becomes the most important thing to a planet that is light years away from earth, then there must be something seriously wrong. As fate would have it, one such human exists.

The Forgotten Planet of Nabalar can only exist if there is life on it. However, the sins of the past have created chaos, causing the ebbing of their life source. Their inability to reproduce is only a small problem compared to losing face with the Galaxy Council. It has now become a wasteland where flesh-eating mutants are sent to reside.

When Ariella and her captain land on Nabalar after their shuttle's failure, things get dicey. Not only do they not know where in the universe they are, strange creatures attack them. In comes the handsome alien, Mirsux, to save the day. There is only one problem; they understand nothing he says, including a warning to leave immediately.

Then the miracle happens. Mirsux realizes that she is the only one that can save them. She has awoken the T'razssein. What will the alluring prince and his noble parents do to convince her she is the one to fulfill an ancient prophecy?

Kissed By The Alien Prince is a quirky, romantic, space fantasy story with creatures unknown, in a place unknown to humans. There are sacrifices to be made for survival...or is it a sacrifice when you are getting what your heart desires?

This is Book 1 in The Nabalar Prince series.
