Roberton's Textbook of Neonatology, 4e

Thoroughly revised to reflect the latest in neonatology, the 4th Edition of this definitive reference presents state-of-the-art, comprehensive coverage on the pathophysiology, diagnosis, management, and prognosis for diseases in the newborn, and describes the routine care of the well baby.

- Covers every aspect of the care of the newborn, including advice about resuscitation, emergency intensive care, practical procedures, differential diagnosis, and ongoing care.
- Provides information about long term outcomes wherever possible.
- Includes contributions from fetal medicine physicians, obstetricians, epidemiologists, surgeons, and lawyers who provide valuable background information essential to the modern practice of neonatology.
- Includes a restructured introductory section - Organization of Neonatal Care - presenting more cohesive coverage of ethics, legal aspects of neonatology, medicolegal problems, and psychosocial aspects of neonatology.
- Features fully revised content throughout, with many new contributors representing the perspective of a new generation of neonatologists.
- Presents a completely new artwork program and many new clinical photographs.
