Shy, nearsighted caregiver, Gaia Telfair always wondered why her father treated her a little differently than her siblings, but she never guessed she couldn't claim his love because of a family secret, her illicit birth. With everything she knows to be true evaporating before her spectacles, can the mulatto passing for white survive being exposed and shunned by the powerful duke who has taken an interest in her? Ex-warrior, William St. Landon, the Duke of Cheshire, will do anything to protect his mute daughter from his late wife's scandals. With a blackmailer at large, hiding in a small village near the cliffs of Devonshire seems the best option, particularly since he can gain help from the talented Miss Telfair, who has the ability to help children learn to speak. If only he could do a better job at shielding his heart from the young lady, whose honest hazel eyes see through his jests as her tender lips challenge his desire to remain a single man. Unmasked Heart is the first Challenge of the Soul Regency novel.
