*Nationwide, more than 5 million teachers will be needed over the next decade, and all must take appropriate tests to be licensed. REA gets you ready for your teaching career with our outstanding library of Teacher Certification test preps!*

Scoring well on the PRAXIS II Middle School Mathematics (0069) test doesn't just help you get certified to teach, it helps you build your career.

This new edition of our popular PRAXIS II test prep was designed to help you master the information on the Middle School Mathematics exam. This test prep is perfect for college students, teachers, and career-changing professionals who are seeking certification as Middle School Mathematics teachers.

Written by mathematics experts, this comprehensive review guides you through all the mathematics categories tested on the exam. Topics covered include: arithmetic and basic algebra, geometry and measurement, functions and graphs, data probability and statistical concepts, discrete math, and mathematical reasoning.

Three full-length, multiple-choice practice tests in the book simulate the actual PRAXIS exam. Each practice test is balanced to include every type of question, subject area, and skill tested on the exam. Our practice tests replicate the PRAXIS question format, allowing you to assess your skills and gauge your test-readiness.

Every practice exam comes with detailed feedback on every question. We don't just say which answers are right—we explain why the other answer choices are wrong—so you'll be prepared on test day. Our detailed explanations of answers help you identify your strengths and weaknesses while building your skills. This complete test prep package comes with a customized study schedule and REA's test-taking strategies and tips.

**This test prep is a must-have for teacher certification candidates across the country!**

*REA books and software have proven to be the extra support teacher candidates need to pass their challenging tests for licensure. Our comprehensive test preps are teacher-recommended and written by experts in the field.*
