E H F A R: Everything Happens For A Reason Luke Brown

This book arises from the main book, Twisted Fate. However, the language is a bit stronger than the original version. This version borders between a contemporary short romantic story and an action science fiction thriller depicting the true biography of the intriguing life of a pretty, British-Caribbean girl. As a teenager, Julia was down on her luck with men. Then she got married but that too ended rather dramatically. She had booked a one way ticket to France only because she was very depressed since her husband had left her for a bloke. The thrilling romantic story basically begins here. This is a story like no other you have ever read. Enjoy!
