Preparing for Marriage: What To Do Before (And After) The Wedding Jim and Teresa Adams

**UPDATE: 16 Time #1 Bestseller!**

**Whether you're in a relationship now or want to be in one, you have come to the right place. We can help.**

Remarried

If you follow this resource, it is **guaranteed to help you make the right decision about marriage, prepare you for marriage, or strengthen the marriage** you are already in. Teresa and I have been working on this manual all our married lives – not because we are really slow writers, but because this manual is the compilation of everything we have learned in our personal lives as a married couple for 30 years with four children – boy do we have some stories to tell – as well as our professional training.

This book is a compilation of what we have seen work and not work in more than 20 years of practical application working with dating, engaged, married, and remarried couples. We developed this system out of necessity. We used another manual for more than a decade until it was literally no longer available. We looked for other resources, but never found one that fit our style and that really resonated with the couples we were coaching and counseling. Finally we decided to develop our own.

We completed the first draft of this manual in 2010 and started using it in our weekend intensive sessions where Teresa and I meet with a couple for approximately 10 to 12 hours from Friday afternoon through Saturday (all day). As we used this tool, we have been constantly writing, rewriting, and adding as questions and issues arose that we did not initially include in this resource. We would often leave the counseling room that Friday, come home, and add or modify a section based on a situation we saw or anticipated seeing the next day in the intensive. Though we have never made this tool available to anyone other than the couples we have personally worked with, our clients have urged us to share this resource, as they were genuinely moved and changed by the information contained herein. What you hold in your hands is the result of this process. This product was not developed in a classroom, using a lot of relationship theory, but rather forged in the crucible of **real-life situations and circumstances**. This resource is just the beginning of your journey through **Relationship Success University**.
