Coercion (Princeton Legacy Library)

Alan Wertheimer

Coercion (Princeton Legacy Library) Alan Wertheimer

Wertheimer attempts to move beyond previous theories of coercion by conducting a fairly extensive survey of the way in which cases involving coercion have been treated by American courts. This impressive project occupies the first half of the book, where he makes a convincing case that there is a fairly unified 'theory of coercion' at work in adjudication, past and present. This legal theory, however, is not entirely adequate for the purposes of social and political philosophy, and the last half of the book develops Wertheimer's more comprehensive philosophical theory.

Originally published in 1988.

The **Princeton Legacy Library** uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These paperback editions preserve the original texts of these important books while presenting them in durable paperback editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.
