## **Analogies for Beginners** Lynne Chatham

An analogy is a comparison that points out the similarities between things that are different in all other respects. Teaching students how to solve analogies not only develops their logical thinking, but also builds visual awareness and verbal proficiency.

The seven different types of visual analogies and 14 different verbal analogies in *Analogies for Beginners* are perfect for beginning lessons in logical reasoning, flexible thinking, and vocabulary. Each page gives students an example of the type of analogy that is being introduced and then provides 7 (visual) or 10 (verbal) problems for them to solve. This combination of verbal and visual formats is an ideal way to introduce logical thinking in primary grades. Whether you have time for one analogy a day, or a worksheet a week, students will benefit in many ways when analogies are part of your curriculum. The use of visual analogies is beneficial for developing visual analysis even for older students, but especially useful for nonreaders and students with developing English skills. The verbal analogies provide students with exercises that require them to use word comprehension and also to examine various characteristics, uses, and relationships.

It makes you more readily to read this book, as you can read this book in your Smartphone. So there is no reason to you to past this e-book from your list.

#### **John Casper:**

Playing with family in the park, coming to see the water world or hanging out with close friends is thing that usually you might have done when you have spare time, and then why you don't try point that really opposite from that. A single activity that make you not sense tired but still relaxing, trilling like on roller coaster you have been ride on and with addition info. Even you love Analogies for Beginners, you can enjoy both. It is fine combination right, you still need to miss it? What kind of hang-out type is it? Oh can happen its mind hangout folks. What? Still don't have it, oh come on its referred to as reading friends.

#### **Tommy Wright:**

This Analogies for Beginners is great publication for you because the content and that is full of information for you who else always deal with world and possess to make decision every minute. This kind of book reveal it facts accurately using great coordinate word or we can declare no rambling sentences in it. So if you are read it hurriedly you can have whole info in it. Doesn't mean it only provides straight forward sentences but tough core information with lovely delivering sentences. Having Analogies for Beginners in your hand like keeping the world in your arm, data in it is not ridiculous 1. We can say that no publication that offer you world with ten or fifteen small right but this reserve already do that. So , this can be good reading book. Hey Mr. and Mrs. active do you still doubt that?
