Dark Worlds: Project 31 Zack Daggy

On the surface, Careview may seem like nice place to live. What with its small town feel and family owned diners, many visitors have used such words as quaint and charming while passing through. Though for those that stay long enough, such words as sinister and evil have later been used. There is a darkness in Careview. One that connects the fates of four of its citizens. A serial killer with a collection, a psychic with an agenda, a woman with a family secret, and a returning son with a traumatic past, together must brave the storm. One that has been brewing beneath the surface for nearly thirty-one years. And all that time, I've been watching. From the mind of Zack Daggy comes the first installment of The Dark Worlds Trilogy. An original horror series that's sure to remind you why you should fear the dark.
