Home Town Erotica Vol. 2: Lusty Liasons Kelly Harris

Home Town Erotica is a book that is written for a special kind of reader. Just as the name implies, this book is meant to be fun for the average reader whether it be for a man or a woman. This is not a romance book, call it erotica, romantica, or anything you want, but it is definitely a step above your average romance novel. The stories are written in a first person narrative with oftentimes crude but honest feelings and emotions. Have you ever wanted to know what your man is feeling, or thinking as he takes you? Have you ever wanted to know what truly excites him and thrills his senses to the breaking point? If you answered yes to these questions then this series of books is for you. The stories contain emotionally charged action, they are meant to be written in the manner of a good friend telling another about an amazingly erotic encounter. They are short enough that you can finish one during lunch, or as intended, just before bed. This book is a thriller, it will be your "dirty little secret" that you just have to share!
