Minecraft architecture can be as dynamic as it is in the real world. With the use of creative block combinations, various texture packs, and a little creativity, you can come up with incredible style combinations, and create truly magnificent designs. This is the fun and joy of Minecraft!

Determining the tenants of style that you require or that you desire to build, staying consistent within that style, and also a lot of thinking outside of the box are all requirements if you are to make improvements to you architecture and style. Minecraft can be a lot of fun, if you know what you are doing, and if you don't neglect the small details.

Buildings can be transformed from mundane to magnificent, by making simple changes to the type of blocks, their positioning, and the layout. This is the basis for some of the secrets of Minecraft building styles.

These secrets will be introduced to you in this eBook:

- How to use and change block types to reflect the style that you are trying to create
- How to make the best use of texture packs
- How to move your structure through time, from medieval to futuristic
