This book is suitable for those between the ages of 15 and 30. Beatrix Potter kept a secret diary written in code. When the code was cracked by Leslie Linder more than 20 years after her death, the diary revealed a remarkable picture of upper middle-class life in late Victorian Britain. The original diaries run to over 200,000 words so for this edition Glen Cavaliero has made a careful selection of complete entries and excerpts which provide an illuminating insight into the personality and inspiration of one of the world's best loved children's authors.
