Rafael Morales

Obra poética completa (1943-1999) Rafael Morales (Spanish Edition) Rafael Morales

Rafael Morales (Talavera de la Reina, 1919) inició con éxito fulgurante la famosa colección Adonais con su primer libro, *Poemas del toro* (1943), escrito a los veintidós años y publicado cuando el poeta tenía veintitrés. Vicente Aleixandre ha dicho del mismo que fue "un libro sorpresa [...], nuevo en el hondo sentido" y José María de Cossío que para él su descubrimiento "tuvo todo el valor del estreno de una poesía". Por su parte, un poeta de la misma generación de Morales, José Hierro, ha señalado que en la posguerra "las primeras manifestaciones de una estética nueva coinciden con la publicación del primer libro de Adonais" que, efectivamente, trajo a la poesía española de los años cuarenta un tono cálido, original y sugestivo que ya nada tenía que ver con el neorrenacentismo imperante. Siguió a esta primera obra de Morales *El corazón y la tierra* (1946), libro donde se halla su famoso soneto "A un esqueleto de muchacha" y del que dijo Gerardo Diego que aunque no fuera más que por llevar tal soneto y "otras poesías hermosísimas [...]" ya contaría en la historia de la poesía española". Con el mencionado soneto, Morales continúa la línea iniciada en el libro anterior con poemas como "El buey" y "A un toro viejo", donde lo humilde, lo derrotado y lo feo alcanzan un sugestivo valor poético. Esta corriente se halla aún más intensificada en el libro siguiente, *Los desterrados* (1947), donde en la nota inicial leemos que la poesía la pueden motivar incluso "los lodazales", ya que como muchas veces ha dicho el poeta, ella no está nunca en las cosas, sino en la palabra entendida como arte. Con *Canción sobre el asfalto* (1954), que obtuvo el Premio Nacional de Literatura, la intensificación del citado proceso culmina en poemas al cemento, a una chaqueta, a los zapatos, al cubo de la basura, etc. Este libro pone fin así a la primera etapa de la poesía moraliana.
