Want a Six-Figure Passive Income? Want To Be Able To Relax, Do What You Want and Still Have More Money Than Ever On Your Bank Account? This book contains proven steps and strategies for building your own line of products to be sold through Amazon's Marketplace using its Fulfillment by Amazon service as a third-party seller. In 2015 Amazon became the fastest company in history to reach \$100 billion in annual sales. Meanwhile, 50% of all units sold on Amazon were sold by third-party sellers. Of these third-party sellers, over 70,000 were able to achieve annual revenue of over \$100,000 After reading this book, you will have a solid understanding of each of the stages necessary in developing your own private label business on Amazon. These essential stages are the "mechanical" aspects of building a private label business using FBA and represent such topics as "which sites to sign up for," "how to find suppliers," "where to ship your products," "how to obtain reviews," and more. No FBA-based business can function without solid mechanics. Although a solid understanding of "mechanics" is an absolute basic requirement, what will truly set your business apart is your ability to grasp market dynamics (consumer demand and existing supply) and to locate and build successful relationships with suppliers -- the "art" side of the business. Success is built through offering excellent products at the right price. This book will go beyond mechanics by offering proven strategies for building the skill set to locate and evaluate potential products, find the best suppliers, and optimize your listing according to Amazon's key search engine metrics Get this paperback book now for only \$8.97!
