Moral Imperative Patrick Hale

Jake Dalton is determined to live his life as an anonymous face in the crowd. He has had enough of the political backstabbing and lack of leadership that infests Washington, DC. Unfortunately, he learns through his extensive knowledge of the country's national security networks and associated safeguards that those in high political office intend to make a complete mockery of their sworn oaths to protect and defend the Constitution of the United States. He finds himself in a tumbling vortex of deceit and dishonor in his attempt to prevent those in high public office who would destroy the country from accomplishing their task.
