DarkBASIC Pro Game Programming Jonathan S. Harbour, Joshua R. Smith
Learn to write 2D and 3D games without any programming experience by harnessing the advanced 2D/3D graphics features of DarkBasic Professional. This easy-to-use language handles the entire game engine for you, so you are free to focus on designing and playing your own games. Written for beginners with no programming experience, DarkBASIC Pro Game Programming, Second Edition is a welcome change of pace from traditional game programming books. You won't need to spend time figuring out how the game engine works, but only what the game is supposed to do. You will be able to create self-contained executable games with the graphics and sound files stored inside the exe file. No DarkBasic runtime library is needed: compiled programs are self-contained and require only that DirectX is installed. Finally, a book for complete beginners who want to learn to write games!

From reader reviews:

Kimberly Moore:

Information is provisions for individuals to get better life, information today can get by anyone at everywhere. The information can be a expertise or any news even a problem. What people must be consider when those information which is inside the former life are challenging be find than now is taking seriously which one is acceptable to believe or which one the particular resource are convinced. If you have the unstable resource then you have it as your main information you will have huge disadvantage for you. All of those possibilities will not happen with you if you take DarkBASIC Pro Game Programming as the daily resource information.

Marian Knight:

The book with title DarkBASIC Pro Game Programming contains a lot of information that you can understand it. You can get a lot of benefit after read this book. This specific book exist new knowledge the information that exist in this reserve represented the condition of the world right now. That is important to yo7u to be aware of how the improvement of the world. This book will bring you in new era of the syndication. You can read the e-book on the smart phone, so you can read this anywhere you want.

Kirk Thomas:

Your reading sixth sense will not betray an individual, why because this DarkBASIC Pro Game Programming book written by well-known writer who really knows well how to make book which can be understand by anyone who all read the book. Written throughout good manner for you, still dripping wet every ideas and composing skill only for eliminate your current hunger then you still skepticism DarkBASIC Pro Game Programming as good book not merely by the cover but also with the content. This is one publication that can break don't evaluate book by its handle, so do you still needing another sixth sense to pick this specific!? Oh come on your examining sixth sense already said so why you have to listening to an additional sixth sense.

David Auman:

That publication can make you to feel relax. This particular book DarkBASIC Pro Game Programming was colourful and of course has pictures on the website. As we know that book DarkBASIC Pro Game Programming has many kinds or variety. Start from kids until teens. For example Naruto or Investigation company Conan you can read and think that you are the character on there. So , not at all of book are make you bored, any it offers up you feel happy, fun and loosen up. Try to choose the best book for you personally and try to like reading that.
