Existentialism is a Shakespearean Comedy B.A. M.

Existentialism is a Shakespearean Comedy takes a surprising romp through Sartre's key terms in light of Shakespeare's comedies. The work reveals that Comedy is more heavy at heart than some may think, while existentialism is more light at heart than some may think. For beginning students of existentialism, the work covers and defines key existential themes and provides illustrations from Shakespeare's comedies. For readers already familiar with existentialism, the work provides a deeper examination and uncommon illustration of the philosophy's major themes.
