Reconstructive Plastic

Surgery of the Head and Neck describes the current state-of-the-art techniques used in head and neck reconstruction. Residents, fellows and attendings can follow the up-to-date, step-by-step instructions and images in this book to perform reconstructive surgical techniques for head and neck cancer patients. The cutting-edge descriptions of computer modeling, robotic surgery, and composite tissue allotransplantation lay the foundation for continued innovation.

Key Features:

- Algorithms for each head and neck sub-region to guide clinical decision-making
- Step-by-step technical descriptions of the most commonly used flaps in head and neck reconstruction
- "Pearls and Pitfalls" sections outline key concepts and critical nuances in surgical technique or patient management

Edited by surgeons from the renowned MD Anderson Cancer Center in Houston, Texas, with commentaries from master surgeons around the world, this book is an essential resource for residents, fellows, and attendings to find the best surgical solutions when they are faced with challenging head and neck cancer cases.

From reader reviews:

Keith Kuhlman:

Do you have favorite book? Should you have, what is your favorite's book? Guide is very important thing for us to learn everything in the world. Each e-book has different aim as well as goal; it means that reserve has different type. Some people really feel enjoy to spend their time for you to read a book. They can be reading whatever they take because their hobby is actually reading a book. How about the person who don't like looking at a book? Sometime, man feel need book whenever they found difficult problem or even exercise. Well, probably you'll have this Reconstructive Plastic Surgery of the Head and Neck: Current Techniques and Flap Atlas.

Michelle Labat:

What do you concerning book? It is not important with you? Or just adding material when you really need something to explain what the one you have problem? How about your time? Or are you busy man? If you don't have spare time to complete others business, it is make one feel bored faster. And you have free time? What did you do? Every person has many questions above. They need to answer that question because just their can do in which. It said that about book. Book is familiar on every person. Yes, it is appropriate. Because start from on jardín de infancia until university need that Reconstructive Plastic Surgery of the Head and Neck: Current Techniques and Flap Atlas to read.

Tonette Land:

Reading a reserve tends to be new life style in this particular era globalization. With studying you can get a lot of information that could give you benefit in your life. Having book everyone in this world may share their idea. Guides can also inspire a lot of people. A lot of author can inspire their very own reader with their story or their experience. Not only the storyline that share in the publications. But also they write about the data about something that you need example of this. How to get the good score toefl, or how to teach your children, there are many kinds of book that exist now. The authors in this world always try to improve their proficiency in writing, they also doing some research before they write on their book. One of them is this Reconstructive Plastic Surgery of the Head and Neck: Current Techniques and Flap Atlas.

Joseph Chitwood:

Do you really one of the book lovers? If yes, do you ever feeling doubt if you find yourself in the book store? Try to pick one book that you never know the inside because don't determine book by its protect may doesn't work the following is difficult job because you are afraid that the inside maybe not since fantastic as in the outside search likes. Maybe you answer can be Reconstructive Plastic Surgery of the Head and Neck: Current Techniques and Flap Atlas why because the great cover that make you consider concerning the content will not disappoint a person. The inside or content will be fantastic as the outside as well as cover. Your reading sixth sense will directly guide you to pick up this book.
